By Phat

**WAR BONDS**—Remember when Portogee Joe Felix of the Waikiki boosted the Fifth War Loan with a cartoon depicting a bomb, labelled "V War Loan" socking a grinning Tojo on the noggin with the title "Say Uncle"? That's why he's so pleased with the national. 6th. War Loan trademark. It shows a bomb blasting a rising sun. Joe thought of it first. . . . That reminds me, Joe and Mrs. Joe are entertaining a noted guest this week. She's Leiala Hikoi, en route to Honolulu and home after four years in the Hawaiian Room at New York's Hotel Lexington with Ray Kinney's band. Joe Felix recalls getting Kinney's band started on the road to Big Time in 1938.

**THE VILLAGE**—George B. Davies had one of those calendars with Nov. 30 marked in red, indicating the Turkey Day holiday. So, long ago, he made arrangements to celebrate next Thursday. When he discovered the real day was Nov. 23, it was too late to change. He's celebrating twice. . . . Holly Lash Visel, Community church choir boss, was noted sitting in the jail house yesterday, knitting. But she was just there to talk church music with Mrs. Lois Lux, who besides being housework desk clerk, is church organist. . . . Al Taylor walking down the Drive carrying a rolling pin and subjecting himself to many gibes because of it.

**BURROS**—Bob Bennett is inaugurating his long-awaited burro train into the mountains next Friday. He plans a big event of it but at first was stumped about a mount for the mayor. Then he got one which Jim Maynard used to ride. If it could carry the policeman, now in the navy, it can bear up under Mayor Theriaue, Bennett theorized. . . . Did you notice that date combination Wednesday? 11-22-44. Won't be another like it until 12-24-44, Christmas eve four years hence. And that'll be the last until March 6, 1952. That's a ho-hum item, I won't be here. It would be about FDR's 20th term.

**MUSIC**—"The Trolley Song" made it before Thanksgiving. It was No. 1 on the Hit Parade last week. Bob Hull of the Rainbow room forecast it would be there before Christmas before it even made the Hit Parade. The next week it was No. 3, then 3 again and on its third time on the Parade it was No. 1. I went Bob one better and said "before Thanksgiving." Just got under the wire on that one. . . . A Village woman who said she started listening to the Hit Parade because of this column, tells me she got a surprise two weeks ago to hear that "Dancing With a Dolly" in No. 1 spot. Claims her grand-daughter used to sing to her about the girl whose knees kept a-knocking and toes a-rocking, when she was a child 40 years ago. (She doesn't look it.)

**ENCORE**—"What a Difference a Day Made" got on the Parade last week, thereby giving me a chance to say I told you so to Mrs. G. But she doesn't care. She's switched to "I'm Making Believe" and says she'll be able to say "y-a-a-a-a-h" to me in a few weeks. . . . Charley St. George told me he bet I couldn't guess his three top tunes. I said "Madelon, Mademoiselle from Paris, and Hinky-Dinky Parlez Vous." Hope that spelling is right. And I won. . . . St. George says the local post is o. k. Most of the Legionnaires belonging, know all of the words to all three.

**CIGARETS**—It is claimed that more tamale-like cigarettes will be rolled here this weekend and more tobacco spilled than ever before. Looks like there'll be few cigarettes until Tuesday. One of the weekly wholesale deliveries did not make its appearance. . . . Understand Johnny Archibald has a method of making a cigarette, snuffed out and relighted later, taste like new. Must see him. I believe in conservation. Village wives are beginning to complain. The drapes are beginning to smell like pool rooms again as cigars and pipes sooth the fagless gentry.

**IN CONCLUSION**—They say Los Angeles got its idea for the Cavalcade of the West from the highly successful Western parade staged here in October. Well, Palm Springs got even. Los Compadres riders, Village entry in the L. A. event, practically stole the show. . . . There'll never be a show at the Field Club—if and when the city acquires it—to rival the one at city council chambers Tuesday night when its acquisition was authorized.

### Palm Springs Entry Hit of L. A. Parade

Village Receives Valuable Publicity In Big Cavalcade

Before high army and navy officials and civic officials in the reviewing stand at the Los Angeles city hall and between lines of cheering thousands, Palm Springs received a tremendous amount of favorable publicity last Saturday noon when 13 members of Los Compadres club proved one of the features of the Cavalcade of the West, gigantic parade which ushered in the Sixth War Loan campaign in the southland.

The Villagers, who formed a street-wide V as they marched in the parade down Broadway from Washington street to the Plaza, were given high praise at each of the four announcing stands along the route.

#### BUY BONDS NOW

Especially did the signs each one had attached to his saddle draw comment:

"Buy War Bonds Now for Your Postwar Vacation in Palm Springs."

Kenny Paul rode at the apex of the V and a huge banner, "Los Compadres club of Palm Springs" was borne aloft. Others in the V were President Elmo Purnell of the club and Mrs. Purnell, Mr. and Mrs. Hutch Moseley, Mrs. Kenny Paul, Jimmy Rogers O'Hanlon, Mel Sample, Ben Barnes, Dick Paul, Tex Driscoll, Ted Reed and Jimmy Cooper. Two pretty girls, names unknown, attached themselves to the ends of the V and added color to the entry.

#### VACATION LATER

"Give them a hand! They came all the way from Palm Springs to aid the Sixth War Loan," was one of the favorite cries of the announcers. "There's the idea, folks, buy Bonds now and enjoy yourself in Palm Springs after the war," was another. Universal greeting from the throngs lining the sidewalk was: "How's the weather in Palm Springs?"

The local entry made itself known in true western style and was the most colorful contingent in the parade.

At the city hall stand where high ranking army and navy officers, treasury department officers, state, county and city chiefs sat, Abe Lefton, nationally prominent rodeo announcer, flown from Madison Square Garden in New York to announce the Cavalcade of the West, paid special tribute to the local delegation.

The Villagers received resounding applause from the stands. Several of the local riders remained over to attend the Saugus Rodeo on Sunday.

### Christmas Dance Set For Dec. 1

All members and others who wish to aid, are urged to send their contributions for the bazaar to Mrs. Jack Holditch, auxiliary president, who may be reached by dialing 3242 or by leaving them with Mrs. Jay Morrison at 262 North Palm Canyon drive.

### Portrait of The Season to be Sought

Last Portrait of the Week in the original series started by The Desert Sun last fall and which has been highly popular, appears today on Page 12.

But next week, a new series of Portraits of the Week will start in The Desert Sun through cooperation with Bernard of Hollywood and Earl Strebe of the Palm Springs and Plaza theatres.

There will be a portrait each week by Bernard and at the end of the season, a competent jury will judge them all and select the Portrait of the Season.

### Greyhound to Double Local Stage Service

Vastly improved transportation service for Palm Springs will be available in the near future, it was indicated today, following receipt of word by R. R. Dunlap, local agent for the Pacific Greyhound Lines that all of the company's busses, now running between Los Angeles and eastern points via the southern route, may be routed through Palm Springs.

At present five westbound schedules and four eastbound pass through the Village. One of the westbound runs originates here and one east bound run terminates here.

The remainder of the company's schedules pass north of the city on Highway 99, via White-water and Garnet to Indio. If all of the schedules were routed via Palm Springs, it would more than double the present service and bring busses into Palm Springs earlier in the day.

Mr. Dunlap this week heard from the San Francisco offices of the company that the change in routing was planned shortly.

He also was informed that reservations will no longer be taken on the eastbound Palm Springs bus, leaving Los Angeles at 12:01 p. m., arriving here at 4:04 p. m. Reservations may still be made, however, on the westbound run.

### Contractors Take Hazard Out of Windy Point Curve

With everything completed but the white stripe down the middle to keep motorists on their own side of the road, Herz Brothers of San Bernardino have completed the Windy Point repair contract.

The two-tenths of a mile stretch has been widened, banked and resurfaced to eliminate the wreck hazard, long prevalent there.

### Palm Springs Takes Day Off to Observe Thanksgiving Day

Palm Springs took a day off yesterday to observe Thanksgiving.

City offices, the bank, most mercantile establishments and schools were closed.

Special services were held at the churches in observance of the day.

### War Bond Drive Off to Good Start

Premiere Wednesday To be For Bond Purchasers Only

Palm Springs was winging along toward its \$354,000 goal in the Sixth War Loan drive with Chairman Harold Hicks of the Program Committee lining up many entertaining projects, high school young men and women and Desert School district youngsters selling several thousand dollars worth of war bonds and Miss Lee Davis, manager of the Palm Springs and Plaza theatres, completing plans for a big premiere to start the drive and another to wind it up. Chairman Tom Holland was much pleased with the early progress.

First premiere, already arranged, will be next Wednesday evening at the Palm Springs theatre. The picture will be "Something for the Boys," the title, incidentally, in keeping with the object of the Sixth War Loan.

#### FOR BOND BUYERS

Carmen Miranda and Michael O'Shea are starred in the picture. Admission will be by bond only and purchasers will obtain their tickets at the Bank of America. Miss Davis is also working on a tentative plan for a Kiddies' Bond Premier, details of which will be revealed later.

Capt. John D. Blauvelt, finance officer at Torney General Hospital will provide the speaker for the premiere. He will be a veteran of the present World War, a casualty now at the hospital, a man who has been through the front line fighting and who can tell the premiere audience where the money from their bonds is going.

#### ARMY COOPERATING

Both army posts are cooperating wholeheartedly in the Sixth War Loan drive and Monday, Chairman Holland, Mr. Hicks and Fred Ingram met with Lt. Col. Frederick H. Foerster, Commanding Officer, Captain Maurice Conn and Lt. Hyman Zimmerman at the army air base to discuss plans for events there.

First of the events at the air base will be open house to bond buyers at the colorful retreat review next Friday at 5 p. m.

Admission at the gate will be to bond purchasers only. The retreat review ceremony is one of the most colorful staged at

### Local Army Air Base to Become Training School For Transport Pilots

The mission of the 21st Ferrying Group, at the Palm Springs Army Air Field, will change on and about December 1, 1944, from ferrying to training, according to direction received by Lt. Col. Frederick H. Foerster, Jr., commanding officer, from Headquarters Ferrying Division, Air Transport Command, in Cincinnati, Ohio.

Transition training, ground and flight, that qualifies Ferrying Division pilots for Class 3 rating will be concentrated at the Palm Springs Army Air Base. Ferrying activities will be reassigned to other groups in the Ferrying Division. Colonel Foerster announced that the Air Evacuation unit at the Palm Springs Army Air Base will be retained.

#### NAME TO REMAIN

No change will be made in the usage of "21st Ferrying Group" to identify the local operation for the public, it was also announced.

Huge C-47's will be used exclusively in the training program here, while both day and night instrument instruction will be given Ferrying Division pilots

### Need More Donors for Blood Bank

Villagers between the ages of 21 and 60, in good health, who want to donate to the Blood Bank to help save the life of some fighting man in Europe of the Pacific, have until tomorrow noon to list their name with Mrs. Madge Holderman at the Health Center. She may be reached by dialing 2202.

The Blood Bank, operated by the Red Cross, will be at Riverside Monday, Nov. 27. It will be the last appearance there of the mobile unit until Feb. 5.

Four had listed their names with Mrs. Holderman for the Monday trip to Riverside up to Wednesday. More are asked to donate.

### Another Big Convention Coming Here

Palm Springs will be the scene next May of a convention which will probably attract 600 delegates and guests, it was made known this week after a visit to the Village last weekend by Thomas C. Schumacher, executive secretary of the California Osteopathic association.

While in the Village, Mr. Schumacher conferred with Walter Kofeldt, executive secretary of the Chamber of Commerce and Earl Coffman of the Desert Inn.

#### 600 DELEGATES

The convention of the Osteopathic association will bring 600 delegates to the Village on May 16, 17, 18 and 19, Mr. Schumacher said. Details of plans for handling this large number of visitors will be worked out by Mr. Kofeldt in conjunction with local hotels.

Coming of the convention to Palm Springs is almost the direct result of Mr. Kofeldt's recent attendance at the Western Institute for Commercial Secretaries held at Eugene, Ore.

#### WON TO VILLAGE

There Mr. Schumacher met Mr. Kofeldt and was so impressed by the latter's description of Palm Springs that when preliminary plans for the association's convention were broached, he wrote Mr. Kofeldt asking about accommodations here.

Dates for the convention coinciding with the waning season here, Mr. Kofeldt invited Mr. Schumacher to come here and last weekend's meeting was the result.

### Opponents Planning Court Proceedings

Proposal to Lease Field Club and Exercise Option to Buy Voted 4 to 3; Sharp Debate Precedes Vote; Reservation Lease Rejected

At a meeting in which tempers neared the snapping point, city council Tuesday, voted by a sharp 4 to 3 split, to lease the Field Club for 25 months at the rate of \$1 per year and to exercise an option to buy the personal and real property, one-third at a time between now and Dec. 31, 1946.

The vote to lease and buy the Field Club property followed another action in which council, by a similar vote, turned down a motion to lease a site on the reservation near Ramon road and Indian avenue for recreation purposes.

#### CLOSING ACTION

The action, reviving the Field Club project, came just before council adjourned. It was brought up by Mayor Eugene E. Theriaue who read a long resolution adopted this week by Field Club directors offering to lease the club property to the city for a period extending to Dec. 31, 1945 at the yearly rental of \$1 with an option to purchase approximately one-third of the property now, the second third before Dec. 31, 1945, and the remainder before Dec. 31, 1946.

Mayor Theriaue, basing his action on the majority given the proposal to buy the property at the Nov. 14 election, moved that the city enter into the lease and exercise the first option. Councilman Clarence Hyde seconded the motion.

#### LAWSUIT HINTED

Councilman Armand Turonnet, who led the opposition to the purchase plan at the Nov. 14 election, at once interposed an objection.

"You're letting the city in for a lawsuit and long litigation," he said.

He contended that the motion was illegal in that the proposition should again go before the Planning Commission.

Councilman Charles P. Adams also sharply questioned the motion, declaring it was not in accord with the dictates of the electorate. (The vote on the proposition on Nov. 14 was 343 yes and 234 no. The objection was based on the fact that a two-thirds majority had not been achieved.)

#### CALLS FOR VOTE

Mayor Theriaue cut through the debate by calling for a record vote. The result was:

Ayes—Councilmen Maurice McCann, Clarence Hyde, Walter Z. Allen, E. E. Theriaue—Four.

Nays—Councilmen Culver Nichols, Charles Adams and Armand Turonnet—Three.

Earlier in the evening, Councilman Turonnet, saying he was much disappointed because the Planning Commission had failed to act on a proposal to lease from the Indian tribe a parcel of land adjacent to Indian avenue and Ramon road for recreation purposes, offered a motion, seconded by Mr. Nichols, that the city rent the land for recreation use.

The vote was:

Ayes—Councilmen Nichols, Adams, Turonnet—Three.

Nays—Councilmen McCann, Hyde, Allen and Theriaue—Four.

### Baby Daughter Born To Mrs. Roy Colegate At Riverside Today

Caroline Colegate, daughter of City Attorney Roy W. Colegate and Mrs. Colegate arrived at 8:20 a. m. today at the Riverside Community hospital. The attorney's first child weighed 6 and one-half pounds at birth.

Dr. George Coon of Riverside presided at the event and Mrs. Colegate and child are progressing nicely.

### Coordinators Launch New Service Here

The Chamber of Commerce will act as a clearing house for meeting dates and locations to avoid confusion in the future, it was decided at a meeting of the Co-ordinating Council, composed of representatives of all city organizations, held last Friday at the Desert Inn.

Each of the 21 organizations represented in the council will report to Executive Secretary Walter Kofeldt of the Chamber their meeting dates and site of the meeting. He in turn will keep a record of this. In this manner, the conflict of two important meetings on the same evening or at the same hour, can be avoided.

At the suggestion of William Veith, the schedule of future events will be published in the press.

Another important matter brought before the Council was the statement of Miss Katherine Finchy of the Desert School district that action must be taken to provide adequate and reasonable housing for members of the school teaching staffs. Otherwise, she said, there was danger of losing some of the teachers and also of trouble of signing new ones next year. Robert Ransom, head

### Fagless Weekend In Prospect Here

Palm Springs faced a weekend without cigarettes as the usual mid-week deliveries failed to arrive and local establishments dealing in 'smokes' said there would be no more until Nov. 28.

According to dealers, the shortage is expected to grow more acute and confirmed smokers were told to re-learn how to roll their own before the 'makings' became short, too.

### Red Cross Christmas Aid Sought

Gordon Feeckings and Kenneth DuBose, co-chairmen of the Palm Springs Red Cross camp and hospital committee today sounded their annual Christmas appeal. Their committee is charged by the Red Cross with providing a real Christmas for patients at Torney General Hospital and its Mill Creek camp.

Because there will be many more to take care of this year, the two chairmen asked all who donated last year to help again this year. Any others, not contacted last year, who wish to help this year, are urged to do so.

Donations of cash from organizations or individuals or personal gifts, may be left with Mr. DuBose at the Village 5 and 10, corner of Andreas road and Palm Canyon drive.

"Let's make it a real Christmas for the boys who became casualties defending our homes and way of life," Mr. Feeckings and Mr. DuBose urged today.

### 21ST F. G. BAND GIVES CONCERT

A packed house of patients and duty personnel heard the popular 21st Ferrying Group Band present an enjoyable and balanced program of marches and swing-styled music last Friday evening in the Red Cross auditorium. The large audience was captivated by the enthusiastic participation and fine musicianship of each of the members of this organization, playing under the direction of Chief Warrant Officer Lowell W. Weeks.

This 18-piece band is a popular organization at the local Air Base and among Palm Springs residents. It plays for most of the dances at the base, at parades, retreats and other post functions, and presents a daily noon-time concert in the enlisted men's mess hall at the local field.

All who attended last Friday evening's concert appreciated the generosity of Mr. Weeks and his group in offering this excellent program.

enjoyment. Each will be introduced over the air—part of the Club program being broadcast.

The Golden Text in the Sunday  
Lesson—Sermon in all branches of  
The Mother Church, The First  
Church of Christ, Scientist, in Bos-  
ton, is from Ecclesiastes: "In the  
multitude of dreams and many  
words there are also divers van-  
tities: but fear thou God." "Ancient  
and Modern Necromancy, alias  
Mesmerism and Hypnotism, De-  
nounced" is the subject.

According to a Lesson-Sermon ac-  
count from Matthew, "Jesus went  
about all Galilee, teaching in their  
synagogues, and preaching the gos-  
pel of the kingdom, and healing all  
manner of sickness and all manner  
of disease among the people. . . .  
When he was come down from the  
mountain, . . . behold, there came a  
leper and worshipped him, saying,  
Lord, if thou wilt, thou canst make  
me clean. And Jesus put forth his  
hand, and touched him, saying, I  
will; be thou clean. And imme-  
diately his leprosy was cleansed."  
Mary Baker Eddy writes in "Sci-  
ence and Health with Key to the  
Scriptures": "Jesus cast out evil  
and healed the sick, not only with-  
out drugs, but without hypnotism,  
which is the reverse of ethical and  
pathological Truth-power."

ed by President Roosevelt, for-  
mer President Herbert Hoover,

ultaneous reading of a verse each  
day every day between Thanks-  
giving and Christmas.

Rev. Hogarth said. "Herbert Sam-

state executive mentioned church

Palm Springs schools were on a brief Thanksgiving vacation today. Schools closed for the holiday Wednesday night and will reopen Monday morning.

Although no special programs were staged at any of the schools in the Desert district, each room had its own Thanksgiving exercises Wednesday.

At noon, the school cafeteria served a special Thanksgiving menu at the Frances S. Stevens, Nellie N. Coffman and Cahuilla schools. The menu included roast veal and dressing, apple sauce, celery sticks, candied sweet potatoes, assorted fruits and nuts.

At the Frances Stevens and Cahuilla schools, women of the Owen B. Coffman unit, American Legion Auxiliary, took charge of special tables of fruit, arranging the display and seeing to it that every child went home with a sack of nuts and fruit.

Seven Members of Palm Springs Red  
Cross Attend Bi-County Meeting at  
Riverside, Hear Interesting Talk

With 200 Red Cross members from San Bernardino county chapters as well as from Riverside county chapter, present, first bi-county conference of the American Red Cross was held Saturday at the Riverside Junior College auditorium.

Seven members of the Palm Springs branch of the county chapter attended the session. They were Mrs. Frank W. Cutler, Mrs. Philip L. Boyd, Mrs. Clyde White, Mrs. William Dean, Mrs. Marjorie Walker, Mrs. Harold Murphy and Mrs. Kay Ostrander.

## HEAR ARMY OFFICER

Riverside County chapter was host for the occasion and Mrs. Edith L. D'Eliscu, chairman, said the meeting was so successful, quarterly sessions of the bi-county group are planned.

Speaker of the day, introduced by Mrs. D'Eliscu, was Colonel Earle R. Sarles, commanding officer of Camp Anza. His subject was "What the Military Expects of the Red Cross."

## TELLS OF AID

Colonel Sarles said that the subject assigned him was a misnomer, the military had never had an opportunity to expect anything of the Red Cross because all their needs had been anticipated. As an example he quoted the on-the-spot service of a Red Cross field director and his staff which sailed with Colonel Sarles' command, the 164th Infantry, to New Caledonia.

"They had no supplies," said Colonel Sarles, "because there was no shipping space for even the least of them, important as they were. We all landed together—as far as recreational supplies were concerned, almost empty-handed—and after the first few weeks, even so simple a thing as writing paper was practically non-existent. When appealed to, the Red Cross field director promptly produced, apparently from nowhere, some 3000 sheets of paper to be apportioned to our 3500 men. With similar searching out, he soon scraped together day rooms for each of our hospitals, even managed to get cigarettes, magazines and more writing paper for the wounded who poured in from Tulagi and from Guadalcanal."

## IMPORT MOVIES

"For the able-bodied, he and his staff imported two 16 mm. film projectors from Sydney and toured the sector with a movie every ten days. At times we had as many as 10,000 men depending on these projectors for their entertainment."

"He went farther. One of my finest officers received word that his wife had been operated on and was seriously ill, though her letters mentioned nothing of this. Frantic but helpless, he and I called upon the Red Cross man, who put into action the gigantic machinery of Red Cross professional and volunteer staff. By radio to Sydney, thence, by cable, in 32 hours the assurance was there that the man's wife had

Granddaughter of  
Villagers Unharmed  
After Kidnapping

Mr. and Mrs. Elmer T. Peacock of Palm Springs were happy again this week following word from their son, Lt. E. T. Peacock, Jr., that his daughter, Janice Ruth Peacock, their granddaughter, was safe and sound and unharmed by her experience last week when she was kidnapped in Columbus, South Carolina, by the 16-year-old wife of a Marine, now in the Pacific.

Little Janice Ruth Peacock, now 19 months old, was a visitor in Palm Springs last July with her mother and father, Lt. Peacock at that time was stationed at Deming, New Mexico. He had also been stationed at Billings, Montana. He is a navigator-bombardier in the army air force.

## CHARM IS CAUSE

It was the baby's bright blond hair and big blue eyes and her charm which brought about the kidnapping.

The Villager's son and his family recently reached Columbus where he had been assigned to the nearby air base. They were staying at a hotel where Mrs. Peacock sought an apartment. Mrs. Clarence Kovianek, wife of a Los Angeles Marine, also was staying there and offered to help Mrs. Peacock care for the baby while the mother went house-hunting.

## HELPED WITH BABY

"I felt that I had been neglecting Janie while apartment hunting and Mrs. Kovianek seemed a responsible and capable person so I accepted her offer to help with the baby," Mrs. Peacock said.

Then on the tenth day after their arrival in the South Carolina city, the woman and child failed to return and when a frantic search by Lt. Peacock and his wife failed, they notified police. In Raleigh, North Carolina, the woman and child were located and the parents rushed there with police for the happy reunion.

## AS OWN CHILD

Mrs. Kovianek told police that she took the baby because it resembled her husband and that she planned to bring it to the Los Angeles home of his parents as her own child.

Mrs. Peacock expressed the hope that the punishment for Mrs. Kovianek would not be too severe.

"She is so young and probably did not realize the seriousness of her crime."

Polls Closed for  
Absentee Ballots,  
New Record is Set

Establishing a new record for Riverside county, five boards will probably be summoned to canvass the absentee voters from Riverside county, County Clerk G. A. Pequegnat announced Monday.

So far, men and women of Riverside county who are now in the service of the United States and away from their homes, have sent in 1721 absentee ballots. They came from all parts of the globe. In all, there were 3266 absentee ballots to count.

The polls "closed" yesterday for absentee ballots.

Among notables now at the Desert Inn is Dot Meyberg who is resting after a spirited publicity campaign for Russian Relief, Inc., in the Los Angeles area. She is accompanied here by her mother, Mrs. C. Meyberg.

recovered from a minor operation and had not mentioned the illness lest she worry him.

## PLASMA'S PART TOLD

"Blood plasma — we saw the wonders it performed, watching the gallant defenders of the Solomons brace themselves for a 25-mile trip over rough trail. And we thanked again the men and women of Red Cross who had organized its collection, and those who had given their blood that others might live."

"These are only a few examples of the enterprise of Red Cross in the field," add Colonel Sarles.

Camp Anza's commander, in describing what had been done and is being done for men in the service, resoundingly condemned premature slackening of effort in anticipation of V-day. "There is no more reason for us to celebrate a so-called 'V-day' when Germany falls than when my former unit made its recent landing in the Philippines, or when Italy surrendered. The best we can say is 'two down' and one to go—and we can afford no let-up, no 'taking it easy' until total victory is ours."

## TELLS VIEWPOINT

Mrs. Edith L. D'Eliscu, as chapter chairman, gave the chapter viewpoint on services to the armed forces. She quoted the four chartered obligations of the Red Cross. Briefly, they are: To furnish volunteer aid to the sick and wounded in time of war; to act as a medium of communication between the armed forces and those at home; to mitigate suffering in pestilence, fire, flood and famine and devise means for their prevention; to submit an annual report to Congress, with accounts audited by the war department.

Of these obligations, she added, war needs have required that 75 per cent of the Red Cross budget be directed toward serving men and women in the armed forces and their families.

Probation Officer Addresses Village  
Parent-Teachers Association on Youth  
Problems, Describes State's Activities

Harold Butterfield, county probation officer, Monday night addressed a meeting of the Palm Springs Parent-Teachers association on the Youth Problem, discussing the situation in an informal manner and answering questions of the group present.

Mr. Butterfield outlined the history of juvenile delinquency legislation and the laws now in effect in the state. He explained the legislation which formed the Youth Authority and how it acts in the state to handle all cases involving young people up to the age of 23.

## ONE JURISDICTION

Under the Youth Authority four different bureaus dealing with youth problems under four different heads have been combined under one leadership and all laws affecting youth are now under the jurisdiction of the Authority. The only difficulty, the speaker said, is that there is only one paid director. The other members of the Authority are only part time workers or volunteers.

Mr. Butterfield said an interesting fact was the drop of the average age of the juvenile delinquent from 19 years to 16 years. Most of the delinquents are the result of broken homes and this does not necessarily mean divorces. The decline in the old home life has been responsible for a rise in delinquency.

## AVOID RECORDS

Probation officers, he said, prefer that the problems of youth be handled by the Authority before they get into their hands. In that way, he explained, the child has no police record.

"If the problems can be straightened out by sympathetic handling, the child can be straightened out, Mr. Butterfield said. He cited several "off the

record" instances in proving his point.

## EXTEND Y SERVICE

Extension of the Hi-Y and Tri-Y service is also an aid in curbing youth problems he said and plans for such extension in Riverside county are now under discussion.

The executive committee of the P-TA will meet within the next week to pick a meeting night and site which has no conflicts. To provide a full membership at the next meeting. Date for this meeting will be announced later.

**TODAY—570 of our boys  
will pay for war the HARD WAY**

'American' casualties now average more than 570 for every day of war. As the conquest of Japan advances, losses will probably be higher.

# THEY still die—will YOU buy?

## THE BIGGEST JOB IS STILL AHEAD BUY BIGGER BONDS!

**It's a BIG year—Buy BIGGER Bonds!**

Here are 6 big reasons for buying the most you can—\$100, \$500, \$1,000—in the big 6th War Loan. War Bonds give you:

1. The best and safest investment in the world.
2. At maturity, \$4.00 for every \$3.00 you loan.
3. The convenience of cash—plus increase in value!
4. Funds to replace and restore worn-out farm equipment, soil fertility, and buildings.
5. Funds for educating your children; a nest-egg for your own security, travel, retirement.
6. The increased purchasing power vitally needed to win the Peace.

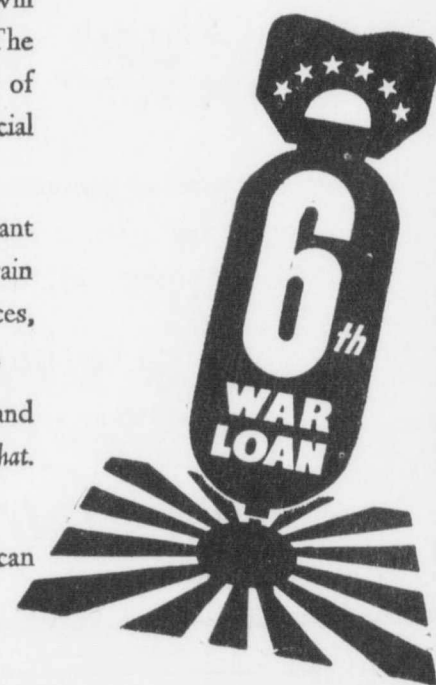

**THEY still die—will YOU buy?**

WILL you loan dollars, while they give lives? The conquest of Japan will probably be the costliest war in history. Distances are enormous. The enemy is tough and fanatical. We have no reserves of supply within thousands of miles—everything must be transported. And war in the Pacific requires special equipment, not used elsewhere.

Loaning money is the *easiest* part of the war effort; but it is no less important than fighting. One B-29 Superfortress to bomb Tokyo costs \$600,000. To train the pilot costs \$27,000. Each torpedo costs \$12,000. Because of the vast distances, it takes four to six ships, constantly in motion, to deliver one shipload per month.

The Japs think our home-front is soft. They think we'll get tired of the war and quit. Well—it's up to you. Our fighting men aren't quitters; the Japs know that. It's you they are counting on.

Let's give them the answer—in the 6th War Loan! Let's show Tokyo we can "take it," too! Buy BIGGER Bonds, and we'll finish the big job faster.

## Indians Drop 19-0 Game to Coachella

Coachella high school's Arabs, being held to a scoreless tie and on the defense much of the first half, broke out in a rash of scoring in the third and fourth periods to defeat Palm Springs Indians 19 to 0 in a Thanksgiving Day game on the local turf.

Sparked by Dick Moseley, the Indians drove to the Arabs' 10-yard line in the first half but couldn't quite make the pay-off terrain.

In the third period, Duncan of Coachella, climaxed a drive with a two-yard plunge for the visitor's marker. In the final period, a 20-yard aerial to Jenkins in the end zone added the second and a blocked punt near the final gun, provided the third.

## Legion Given Los Compadres Club Check For Proposed World Wars Memorial

In the largest meeting of the local post, Palm Springs Legionnaires and guests met Tuesday evening at the Fiesta House on the Desert Inn grounds for an important session in which much business was transacted.

President Elmo Purnell of the Los Compadres club was an honored guest and he presented the post with the club's check for \$100, from proceeds of the highly successful Western Week and Gymkhana staged here in October.

The money will go into the World Wars Memorial fund of the Owen B. Coffman post.

Commander Gordon Feekings of the post appointed Art Wills chairman of the war loan committee. Other members are Jack Holditch and Al E. Hoover.

An invitation from Torney General Hospital to attend the Memorial Service planned at the chapel there at 3 p. m., Sunday, Dec. 3, was accepted by the post which will meet at the hospital gates at 2:45 p. m. that day and attend in a body.

Plans for a dinner dance on Dec. 17 at the Colonial House were completed. It will be a joint affair with the Post and Auxiliary and guests attending.

Honored guest of the evening will be Father C. Norman Raley of Our Lady of Solitude Catholic church. It will be Father Raley's birthday. He was formerly chaplain for the department of California and instrumental in starting many Legion posts in the state. He is a well known state Legionnaire.

Jack Holditch was appointed chairman of the World Wars Memorial committee and preliminary plans for a two-week campaign for the project in February were discussed. The Memorial will be for local men who made the supreme sacrifice in either World War I or the current World War.

## Winter Residents Celebrate Golden Wedding Day Here

Mr. and Mrs. W. W. Prior of Escondido, winter residents of Palm Springs for the past 15 seasons, Tuesday, quietly observed their 50th wedding anniversary at their cottage in Sunshine Court where they have spent every season.

One son, J. W. Prior, of Escondido, and his wife, were with them for the occasion. Another son, William W., Jr., an air force lieutenant sent greetings from his base in South Carolina, and another, Frank O., from Tulsa, Okla. The latter is expected to fly out to visit his parents this weekend.

Scores of cards, letters and wires arrived for the Priors during the day. One of them came from the church at Escondido where they were married on Nov. 18, 1894, the first couple to exchange their vows there.

## Barney Ostrows to Celebrate Triple Event at New Home

Mr. and Mrs. Barney Ostrow will be hosts at a "Three-way" party at their new home, 274 West Alejo, Saturday and Sunday.

The occasion will mark Mr. Ostrow's birthday, their wedding anniversary and a house warming.

It will be the 15th anniversary for Mr. and Mrs. Ostrow. As to the birthday, "at least 28" he said.

Guests have been bidden to either day as they plan open house all day both days in observance of the triple event.

## Many Celebrities Entertained at J. E. French Home

The J. E. French's are here again for the season and have had their home filled with celebrities ever since their arrival including the Kingsmen of Westinghouse fame and their wives; also Fibber McGee and Molly. Expected is John Charles Thomas, also Nine Koshetz and her prima donna daughter, Marina, from the Waldorf in New York, who will arrive the Thanksgiving weekend.

Mrs. French is a talented painter and is looking forward also to conveying many of the beautiful desert scenes to canvas this winter as painting is one of her hobbies.

## Mrs. Noble Banks Returns for Season

Mrs. Noble Banks, prominent winter resident of Palm Springs, has returned to her home in the Village for the season.

She spent the summer months at her home in East Hampton, Long Island, and in New York and Detroit.

## Large Audience Enjoys Initial Musical Program of Season at Woman's Club; Artists Win Hearty Applause of Throng

BY MARTHA FORWARD

The first musical program of the year heard on Monday afternoon by members of the Palm Springs Woman's Club and the teachers in Palm Springs schools as their guests embraced some of the rarer music for piano and voice when Daryl Dayton, pianist, and Margaret Dayton, soprano, attracted a large audience. Mrs. Dayton was accompanied by Ralph R. Travis, pianist. Miss Teresa Fields, program chairman, introduced the artists.

Mrs. Dayton's registers and ringing tone qualities were set forth delightfully in her rendition of two groups of songs, imbuing her hearers with alternate moods of retrospection and introspection. Her first group, songs by Brahms, "Es Liebt Sich So Lieblich Im Lenz," "Ein Wanderer," "Vergebliches Standchen," "Meine Lieder," and "O Liebliche Wanger," characterized the extent of variation in her range.

### WINS APPLAUSE

Her second group, "Tell Me, Oh Blue, Blue Sky," by Giannini, "To A Young Prince," by Feulhan, "A Piper," by Head, "Noc-turns" and "Dedications," both by Homer Simmons, won for her appreciable applause. The professional accompaniments by Ralph Travis gave her muted support.

Mr. Dayton's music featured a pleasing variety of schools of composition. His facile execution and his reciprocal relation to his instrument created an illusion as of a centrifugal force emanating in cascades of sustained tones carrying over into the melody, giving it a quality of ecclesiastical dignity.

### DELIGHTFUL PROGRAM

His first group included "Prelude and Fugue in F Minor," by Bach, "Two Sonatas," by Scarlatti, "Adagio in B Minor," by Mozart, and "Rondo Capriccioso," by Mendelssohn. In his second group he played thirteen little compositions, "Scenes From Childhood," by Schumann—1. About Strange Lands. 2. Curious Story. 3. Catch Me If You Can. 4. Pleading Child. 5. Contentedness. 6. Important Event. 7. Dreaming. 8. By The Fireside. 9. Knight on Hobby-Horse. 10. Almost Too Serious. 11. Frightening. 12. Child Falling Asleep. 13. The Poet Speaks: His interpretations were delightfully sympathetic.

He achieved his zenith of performance in Chopin's "Fantasy in F Minor," played as a finale.

### THANKSGIVING THEME

With the spirit of Thanksgiving uppermost in the minds of all, Mrs. William A. Lippman, the club's president, asked Dr. John Robertson Macartney, pastor of the Community church, to speak, as a prelude to the program of music, of the many things for which we should be thankful at this time. Dr. Macartney read Pres. Roosevelt's "Proclamation for Thanksgiving" and a few excerpts from a talk by the blind Helen Keller. He said we should be thankful for the wonderful progress Providence has given us towards the prosecution of this war—for our homes—for our loves—and for our friends. He concluded with the stirring and patriotic poem, "Sail On, Sail On, Oh Ship of State!"

Mrs. William B. Malouf's decorative motif was in keeping with Thanksgiving ideas. A beau-

tiful epergne, filled with autumn fruits, centered the tea table at which Mrs. Clarence Simpson and Miss Nettie Kalbach presided. A large bowl of terra cotta bougainvillea harmonized with the draperies on the performer's platform.

### AT TEA HOUR

Mrs. John G. Hormel, chairman of hostesses for the tea hour, was assisted by Mrs. Austin McManus, Mrs. George Pitt, Mrs. John Kline and Mrs. John R. Hamilton.

Mrs. Merrill Crockett was assisted in receiving by Miss Katherine Finchy, Miss Eileen Carey and Miss Kathleen Rye.

## Former Villager And School Days Sweetheart Wed

Sgt. Sisk is stationed with the 363rd Medical Battalion at Camp Van Dorn and his lovely bride is stationed at the U. S. Naval Reserve base at San Pedro, Calif. They were school day sweethearts at Santa Ana. Lt. Cory made the trip to Mississippi by airplane.

## Myrtle E. Fatheree To Become Bride On November 30

Mrs. Cullen Wilson this week announced the approaching marriage of her sister, Myrtle E. Fatheree to James H. Ramsey, the vows to be exchanged on Thursday evening, Nov. 30.

Miss Fatheree is one of the popular set of Houston, Texas, where she attended Houston Junior college. She is the daughter of Mr. and Mrs. Clifford Fatheree of the Texas city. For the past two years she has made her home in the Village with her sister and brother-in-law.

The couple will spend the season in Palm Springs as Mr. Ramsey is now on the staff of the Del Tahquitz hotel.

## Secretaries Guests Of Earl Coffmans At Dinner Dance

## San Marino Families Spend Holiday Here

## Thanksgiving a Festive Day for Desert Inn Guests

Thanksgiving, as usual, was a most festive affair at the Desert Inn with each table being centered with a paper turkey, autumn leaves and large fruit bowls affording a bountiful display. Many dinner parties were given as some guests were joined by members of their family who came for the holiday, and a large number of Village folk were present as is their annual custom at this traditional party.

Frank L. Cornable arrived early this week from his home in New York City to spend the entire winter season in Palm Springs' most attractive hotel, The Desert Inn. Mr. Cornable, who served as vice president of DuPont corporation for many years, is well known in the west for he has spent several winters in Pasadena.

Mr. and Mrs. W. L. Stewart, Jr., of Los Angeles stopped at Desert Inn several days while Mr. Stewart was recuperating from a flu attack. He is executive vice president of Union Oil Co., and his leisure hours are spent aboard his sailing boat. They left Palm Springs early to go over to the coast and inspect the boat to see if the recent storm had left any ill effects.

Jack Cummings, one of Hollywood's top directors, and Mrs. Cummings spent part of the week here absorbing the desert sunshine.

the base, including the firing of the sunset gun, the lowering of the colors and the playing of the Star Spangled Banner by the post band.

Busses will leave the Village Pharmacy corner at 3:15 and 4:15 p. m. for the field and Villagers may also go by own conveyance. Bond purchasers will be given receipts which will entitle them to enter the field for the ceremony.

### HIGH SCHOOL BUSY

In the meantime, Henry Greeley, in charge of the student bond campaign at Palm Springs high school, reported that as of Tuesday noon, the young men and women of the school had already sold in excess of \$30,000 of their \$300,000 bond quota.

Mr. Greeley reported that 87 bonds had been sold with the sophomore class leading with 12,141 points, the juniors second, seniors third and freshmen fourth. Points are awarded on the basis of 100 points for each bond sold and one point per dollar value.

### HILLERY LEADS

Among individuals now leading the 45 students trying for top honors are Robert Hillery with more than \$7,000 in subscriptions, Pete Spore with in excess of \$6,000 and Barbara Dodds, Harry Hanbury, Jr., and Trudy Sawyer following in that order. Titles earned in the drive, awarded on the basis of points, find Bob Hillery a major, Pete Spore a captain, Barbara Dodds and Harry Hanbury, 2nd lieutenants, and Trudy Sawyer a 1st sergeant. The contestants are striving for the rank of four-star general which takes 20,000 points to achieve.

### YOUNGSTERS ACTIVE

In the Desert School District, under supervision of Miss Katherine Finchy, superintendent, and the principals of the various schools, youngsters are already busy and have achieved notable success so far, in buying stamps for themselves and persuading their elders to buy bonds.

Handsome prizes will be awarded winners in the high school campaign, Bullocks of Palm Springs and Desmonds, Palm Springs store already having donated to the cause and the Palm Springs and Plaza Theaters offering passes for varying periods to winners.

There will be two grand prizes this year, one for the greatest number of individual bonds sold and one for the greatest amount of money involved.

## Editor and Major Address Rotary in Interesting Talks

Stanley High, Saturday Evening Post writer and editor of the Readers Digest, who is spending a few days in Palm Springs following active participation in recent political campaign, was the speaker before Palm Springs Rotary club at its Wednesday session at the Desert Inn.

Mr. High, who was one of the five members of the republican board of strategy in the campaign spoke on the trends among voters, emphasizing the growing tendency of the individual to vote to best profit himself rather than the group.

### TELLS REMEDY

To prevent organizations such as the PAC and the political thought it represents from gaining control of the government and threatening democracy, the major parties, republicans and democrats alike, must offer the working man something better than the PAC does, he said.

Another speaker on the interesting program was Major Sam Gendel of Torney General Hospital who was decorated for meritorious service in the South Pacific. He gave an interesting account of the fighting in that area.

### MANY VISITORS

Col. A. B. Jones, commanding officer of Torney, was program chairman for the day, and Dr. Henry S. Reid, president, presided.

There were 24 visiting Rotarians and 12 other guests at the meeting, one of the largest of the season to date.

## More C-3 Zones Sought for City

The city planning commission was urged, in action taken by council Tuesday, to study the city zoning map with the view of establishing more C-3 zones. General commercial activity is allowed in C-3 zones of which there are few in the city now.

City Manager Ray Sorum pointed out that more such zones will be needed as the city expands.

## City's Viewpoint On Flood Control Will be Drawn Up

Palm Springs will prepare a statement of its objections to the present flood control set-up in the county but will not submit it to the county-wide flood control committee until a request is made for an outline of its stand.

This was decided Tuesday by city council after City Manager Ray Sorum reported on action taken at last Thursday's county chamber of commerce meeting which he attended as a director, at Riverside.

### URGED BY TURONNET

Councilman Armand Turonnet said that such a statement, similar to the one drawn up in the recent highway and freeway discussion, should be prepared. Other councilmen concurred and Councilman Culver Nichols suggested that presentation of the statement should be withheld until asked for.

"It's good to crystallize our thought on flood control," he said, "but if we present a statement on the matter before being asked, they might think we want flood control."

The principal objection of the city to the present set-up is financial. The Village is second highest assessed in the county but could be outvoted by other communities in the proposed zone in which it is, thus paying the heaviest part of the costs for work which would be of no benefit here.

### MANY LOCAL PROBLEMS

City Manager told council that there were plenty of flood control problems practically within the city limits, citing the canyons from Chino to Cathedral canyons, back of the city.

He declared it his belief that a re-zoning will be made before the proposal is submitted again. At present, Palm Springs is in a zone which extends from Beaumont deep into the desert.

## Cultural Center To be Established Near Palm Springs

Palm Springs residents and hotel guests will welcome the establishment of a new educational and cultural center which will open this spring in Mission canyon, seven miles northeast of Whitewater.

A deal for the T Cross K guest ranch is being negotiated by Rowena Bentley Macfarlane, well known in Palm Springs as Rowena Bentley, who is beginning her third year as lecturer and Life Reader at the Desert Inn. Miss Bentley will continue her work at the Inn this winter.

The T Cross K has been known for years as a guest ranch. It was used recently for convalescents from the Santa Ana air base.

The 200-acre guest ranch will be the site of the new Academy of Dynamic Living, which will open for its first session the week before next Easter with its canyon location and 2200-foot elevation, the climate of the guest ranch will permit a year-round schedule.

Courses will include philosophy, psychology, the occult, metaphysics and early Christianity minus all dogma. A full line of creative arts will also be provided, with classes in outdoor sketching, music, drama and creative writing. Nature study, swimming, riding and all outdoor sports will round out the program.

The school will accommodate one hundred students, from 16 years of age and up. The music and lecture course of the academy will be open to all desert residents or visitors.

A competent faculty will present this varied and unusual program. The academy will fill a real need in the desert, as it will be the Chautauqua of the Desert.

## Palm Springs Hotel Dining Room Will Be Opened Nov. 30

The famous Palm Springs hotel dining room will be re-opened next Thursday, Nov. 30, at 6 p. m. after a two-year lapse, it was announced Tuesday by George Karoly, uncle of the co-managers, Misses Irene and Margaret Foldes, who came here from San Francisco, to assist them in preparation for the reopening.

The dining room has been completely redecorated and remodeled and a cheerful atmosphere prevails. The Palm Springs hotel dining room has been known for years for its excellent cuisine, delicious and distinctive meals.

### FROM FAMED CAFE

Walter Broussard, of the famous Broussard family of New Orleans who owned and operated the internationally known Broussard's in that city for 144 years, has been engaged as chef.

He served his apprenticeship there and then spent five years abroad, mostly in France, as chef in famous hotels and restaurants. He can do special catering and can please all tastes.

### KITCHEN REMODELED

Chef Broussard will specialize in the sea foods for which Broussard's in New Orleans is famous.

The kitchen has also been remodeled and new equipment installed under the personal supervision of Miss Margaret Foldes. The Palm Springs hotel has been in the Foldes family for the past 25 years.

An unlooked-for annoyance that followed the blitz bombing of cities was the invasion of flies around all blown-up food stores.

## Blythe Gridders Defeat Indians by Margin of 13 to 6

The Palm Springs Indians lost a hard fought game to Blythe's Palo Verde eleven, by a score of 13 to 6.

The Indians got off to a smashing start by running over Blythe to score in the first quarter. The touchdown was made by Frank Devers on a line buck. Bob Bell's kick for the extra point was blocked. The quarter ended 6 to 0, Palm Spring's favor. During the second quarter a pass by Blythe was caught by White and taken over, which tied the game, 6 to 6.

The conversion was good so the score then rested 6 to 7, Blythe's favor. Later on in the second period Blythe made two more touchdowns, but both were called back because of penalties. During the third quarter, Blythe passed, this time to Neathery, for another touchdown. The conversion was blocked by the solid Indian line. The rest of the game passed with Palm Springs making a tremendous attempt to touchdown, but they were hampered by the defensive tactics of Blythe's team. Despite the strong team work of the Palm Springs Indians, the game ended with a score of: Blythe 13, Palm Springs 6.

The starting line-ups for the teams were:

Blythe (13)	Palm Springs (6)
Neathery	LE Benson
Compton	LT Jurado
Martinez	LG Outcault
Rodriguez	C Omlin
Boles	RG Lienau
Williams	RT Klug
McIntire	RE Moseley
Downs	QB Brummitt
Davis	LH Rude
Hamilton	RH Bell

## Bruised Shins but Not Spirits Mark New Hockey Season

Bruised shins and cracked ankles dominate the campus, now that hockey season is underway. Even though some take a few hard knocks, the girls in the P. E. classes look forward to a fast game every day. The football field, although it is too long for a regulation hockey field, is the scene of wild activity all afternoon while the girls try valiantly to gain possession of the ball.

After Thanksgiving, when football season is over, striking circles will be marked on the field to enable the players to make goals more accurately. Miss Vash Hronis, girls' P. E. instructor, plans to make up Junior and Senior teams to play during noon period.

Although rainy weather usually dampens the spirits of the girls, the appearance of Old Man Weather has taken on a new meaning. Now, on rainy afternoons, Miss Hronis teaches the classes Polkas. New records have just arrived for short dances to be made up by small groups. Folk dancing may be new to P.S.H.S. but it is definitely here to stay.

## GAZOOZIT

(By MARGE)

Yours truly is back after a two-week's vacation. What a vacation! My thanks to Manny and Moe for their able assistance.

The ever-entertaining Junior class threw a swell dance Friday night in the high school auditorium. The auditorium surely looked swell with its autumn theme of decorations. Bob Hann and Sparky won the door prize, a box of candy. J. B. Emigh and Connie Rose, Sparky and Bob Morrison won the elimination prizes. Several of the guys and gals came stag and then left together.

Inman and Boyd have tiffed, but remain good friends which is a novelty in our school. Bell and Joy A. are now going steady. Good luck to two swell kids.

Ah, the Senior assembly. Everyone is quite pleased with it including the Senior class. We wonder what the Juniors will pull, having seen the Junior assembly last year.

Margaret Walker and Violet Fletcher have passed into a second childhood. They spent part of Saturday morning playing hop scotch.

If some people in this school would watch their own actions more maybe they wouldn't find so much time to criticize the other fellow.

Did you check Hann and Miss Hronis dancing at the dance Friday? Harvey Gorcester was a scream as the master of ceremonies.

Saturday night featured a party at Hookey's. There is plenty to be said about the party but frankly I am a little confused on the subject. A Beaumont fella appeared armed, and will someone ask Klug where he keeps his nine-foot razor?

Too bad about the football game. We were so sure of victory. The fellas deserve a word of praise. They fought hard.

Barbara Smith has left Palm Springs for Portland. Good luck to her.

That's all. There isn't any more; except, we wish to welcome all the new students to Palm Springs high and we hope you like us. A special welcome to Betty Campbell, Gloria Foster and Joy Ann Gann who enrolled this week.

## Mr. and Mrs. Clarke Re-Open Home Here

Among winter residents of Palm Springs to open their homes for the season this month were Mr. and Mrs. Charles Todd Clarke of the Uplifters' Ranch, near Santa Monica, whose home here is at 260 Cortez road. Their first guests were Comdr. and Mrs. Corydon Wassell.

## May We Introduce

BY BARBARA AND WAYNE

### BOY OF WEEK

On the morning of July 18, 1927, in the city of Niobe, North Dakota, a fella destined to spend this year at Palm Springs high was born. We had a Republican president then. Remember!

Of medium build, he has very blond hair and hazel eyes. He thinks the mystery lad a genius, having made an A in solid geometry, chemistry, and—Physics.

The whole school is talking about his football playing and that is swell. He really gives his all in the position of halfback.

He says he has no current heart beat but we are wondering how long he will stay that way.

"Silver Wings In The Moonlight" takes top place on his Hit Parade, and everybody's favorite, Kay Kyser rates second to none.

He chooses the American man's favorite food, apple pie a la mode. His Academy Award goes to Lorraine Day and Gary Cooper for "The Story of Dr. Wassel." Hobby? Well, he will take pinocle, and as for sports just watch number 57 on that field and you will agree it is football. Green is his favorite color and he isn't one bit Irish.

Quite and unassuming in appearance, he is admired and liked by those who know him. For where you see Joe Brummitt, Ralph Galzerano, and Chuck St. George you will also see—Loren Rude.

### GIRL OF WEEK

Coming all the way from the good state of Washington is a charming seventeen year old brunette. Her eyes reflect the blue of the sky and her skin is like the snow on the mountains.

Her 110 pounds make up a vivacious 5 foot, 3 inches of height and it's well distributed.

She was born in Astoria, Oregon, on the 21st day of February.

All of this so far is carried in the mind of a certain young sailor who now has his APO. Along with the above mentioned boy, "Stardust" and Glenn Miller really send her. Included in her list of favorites are fried chicken and apple pie and being a true Washingtonian she really goes for apples and milk. If she could have her pick of stars she would take Gary Cooper and Greer Grason. And her favorite outside activity is swimming and boating. As for a color, she'll take blue.

Her pet peeve is snobs, for which we don't blame her.

Her special pals are Violet Flechter, Maryann Gorcester and Margaret Walker.

She has only been here a week but many of you are already acquainted with a new Senior "Bwanger," Gloria Foster.

## Portrait of the Week

By BERNARD  
of Hollywood

Mariedna Borden, chairman of the Red Cross Volunteer Nurses' Aide committee . . . Protested against putting anything about herself here. ## War Chest Still in Need Of Aid of All

Chairman William Dean of the War Chest committee today set a definite closing date for the Palm Springs War Chest drive and urged all those who have not been solicited or who had to put off their donations, to get them in at once.

War Chest headquarters at 311 South Palm Canyon drive will close next Wednesday, Nov. 29.

Following warning last week that Palm Springs was in danger of failing for the first time to achieve a goal in any campaign, Chairman Dean said the response this week was generous.

"But we are still a considerable distance from our goal and I am afraid we may fall short unless we can count on 100 per cent support of our citizens," he said.

"Never in the history of our country have we been asked to contribute to a more worthy cause; and I am certain that each and every person and business house in Palm Springs will be proud to have his or her name on the Honor Roll of contributors when the drive is closed."

Mr. Dean asked that any and every citizen not yet approached or who had not contributed to mail or bring their donation to the Chest headquarters at once.

Among those noted partaking of the hospitality of The Dunes this week were Al and Mom Epstein entertaining Dorothy Grey, Janice Cawthorne and Billy Snyder, the latter former Band Box owner, recently honorably discharged from the Merchant Marine.
